

we have concurrently submitted the relabelled figures prepared by a commercial company with the Official Draftsman. Support for the amendments to the specification can be found by referring to the enclosed set of draft copies of the figures on which the revisions are shown.

Because of the above-identified formal changes to the labelling of separate panels in three of the eight drawings, the Applicants respectfully request entry of these amendments which are necessary at this time to be consistent with those changes in the drawings. Applicants maintain that no new matter is presented by the amendments to the specification. Applicants are grateful to Supervisory Patent Examiner Doll for suggesting that the amendment be filed concurrently with payment of the issue fee.

Pursuant to 37 CFR §1.312(a), Applicants respectfully request entry of the above amendments and further request that the application be passed on to issuance.

No fee is believe to be necessary. However, if any fee is required, please charge our Deposit Account No. 19-0962. A duplicate copy of this Amendment is submitted herewith for accounting purposes.

Respectfully submitted,

April 1, 1993
